Pretrial Order # 94

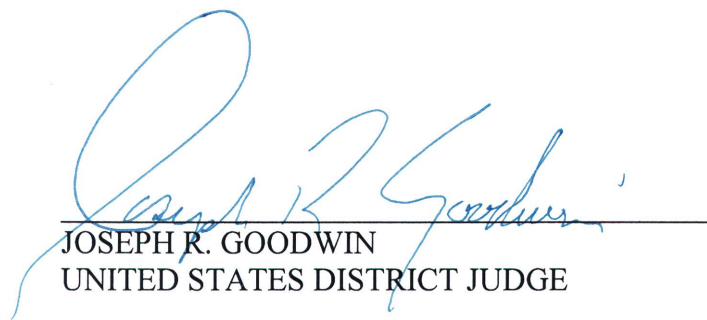

(Order re: Removal of *Sexton* Case from Consolidated West Virginia Cases)

By PTO # 78, I consolidated the above cases for trial on all issues. I have since learned that *Sexton, et al. v. Boston Scientific Corp.*, 2:13-cv-03126, is a multi-product case (Obtryx/Uphold) and, as a result, should not have been consolidated with the above cases involving Boston Scientific's Obtryx product. It is **ORDERED** that the *Sexton* case is removed

from these consolidated cases and the Docket Control Order (PTO # 87) **VACATED** as to *Sexton*.

The court DIRECTS the Clerk to file a copy of this order in 2:12-md-2326, **the above-referenced lead case 2:12-cv-8633 and *Sexton*, 2:13-cv-03126** and it shall apply to each member related case previously transferred to, removed to, or filed in this district, which includes counsel in all member cases up to and including civil action number 2:14-cv-15088. In cases subsequently filed in this district, a copy of the most recent pretrial order will be provided by the Clerk to counsel appearing in each new action at the time of filing of the complaint. In cases subsequently removed or transferred to this court, a copy of the most recent pretrial order will be provided by the Clerk to counsel appearing in each new action upon removal or transfer. It shall be the responsibility of the parties to review and abide by all pretrial orders previously entered by the court. The orders may be accessed through the CM/ECF system or the court's website at www.wvsd.uscourts.gov.
